If you wish to have a custom tile created by the artist, please provide a high quality image of the balloon in question. To ensure the best overall color match, use a photo that is large enough (at least 5 1/2 x 8 1/2 inches) and which clearly and distinctly depicts how you would like your balloon shown on the tile.

The tile designer may have questions concerning your order. Please ensure that you've included your correct email address and phone number in the spaces provided on this form. If a hard copy of your balloon photo is unavailable, you may email it to the Foundation at the address given below. If the balloon is pictured on a website, list the web address in the comments section of this form. AN ACTUAL PHOTO IS PREFERRED.
